Your Honor:

Anthony Martin has been an employee of Morrison Security for over 10 years and is instrumental in running my business. He is the Senior Vice President of the company and manages, directly or indirectly, over 450 employees. He is also the direct contact and Account Executive for many national clients.

The employees and offices that Tony manages are located in many states. Due to his position with my firm, the trust I have in him and his long tenure with me, one of his core functions is to be the Traveling Executive for the company, to monitor my business. To continue to be able to function in this company, he must be able to travel. His trips are usually one week in length and occur randomly, as business dictates. The states he needs to be able to travel to are: Wisconsin, Indiana, Colorado, Nevada and Florida.

Sincerely,

Sean Morrison
CEO
